

Lung Transplant Support Organization - Breath of Hope - Patients Helping Patients

The L.T.S.O., 10th Annual Autumn Get Together is Here!

WHEN – Saturday November 2, 2019 11:00 am to 4:00 pm

WHERE – Eldorado Park, 2311 N. Miller Rd., Scottsdale

WHO – You, your caregivers, your family, the doctors, nurses, technicians & staff that work so hard to keep you well; donors and others that help us help others.

WHY – For fun, for networking, for information exchange, but mostly for ***free food and drinks*** and free raffle.

Our 10th annual get-together is just around the corner and we are hoping you will be able to attend. This event will allow you the opportunity to interact with other lung transplant patients, both pre and post-operative. Your care givers will have the chance to talk to others who have been through the process and all types of information will be exchanged. Donors, you will get to see some of the people you have helped us help. Bring your family, bring your friends, just be there! (Please remember, each transplant patient is unique and you should contact your transplant team with concerns.)

Directions: From McDowell and 77th Street go north to the park. We are on the North end of the lake, by the Recreation Building. The park is on your left hand side, so is the parking.
