

TIME TO PLAY

Whether you have played with us since our first tournament, or this is the first tournament you have played with us, we are happy to have you here. We appreciate your willingness to help us as we look forward to a successful 14th annual golf tournament. By participating you will be helping us help others.

Our **mission** is to support lung transplant patients, patient caregivers and the medical professionals who care for them. We inform and educate patients on resources available beyond their personal medical insurance coverage including but not limited to housing, medical and financial assistance.

Our **goal** is to provide new patients with a community of fellow transplant recipients who understand their journey and can assist by sharing and encouraging in a positive and supportive manner.

We do this by subsidizing medication costs, helping with housing expenses, assisting with travel arrangements, paying for other costs not covered by insurance and by providing board approved funds directly to Lung Transplant Patients.
